

F3 Technical Advisory Memo

No: TAMF3-2019-005

Date: March 1, 2019

Subject: Ligier Technical Bulletin #2 Front Wishbone Clevis Hardware

The attached bulletin describes new hardware for attachment of the front wishbone clevises.

These are Type 1 parts and must be installed unmodified. The only modifications permitted for installation will be retapping the holes in the tub, as described in the bulletin.

This is a mandatory upgrade.
